1. Objective

The objective of this video meeting policy is to establish guidelines and expectations for video conferencing within MTX. This policy aims to promote effective communication, enhance collaboration, and foster a sense of connection among team members, clients, and stakeholders.

2. Scope

This policy applies to all employees, contractors, and external parties who conduct meetings or collaborate with our organization using video conferencing. It encompasses all types of meetings including internal, client meetings, and meetings involving senior staff and executives.

3. Policy Guidelines

For all meetings conducted by MTX personnel during the business hours of 9am and 5pm (local time), MTX personnel must activate their video cameras and conduct such meetings on a face-to-face basis.

Outside of the 9am and 5pm (local time), while video conferencing is not mandatory, we strongly encourage all participants to turn on their video conferencing during both internal and client meetings to maintain a high level of engagement and professionalism.

4. Technical Requirements

All employees are responsible for ensuring they have access to the necessary technical equipment to participate effectively in video meetings. MTX IT support is available to assist employees with any technical issues or concerns.

5. Etiquette and Conduct

Employees must adhere to professional conduct and etiquette standards during video meetings, including dressing appropriately and minimizing distractions.

6. Exceptions

In exceptional circumstances where video conferencing is not feasible or appropriate, exceptions to this policy may be granted by the People Office. Employees must submit a request for an exception outlining the rationale and proposed alternative method of communication.

7. Enforcement

Non-compliance with this policy may result in disciplinary action, up to and including termination of employment. Employees are expected to adhere to this policy.
