1. Purpose

MTX recognizes the value and flexibility that hybrid work arrangements offer to our employees. This policy outlines guidelines for employees who work both remotely and in-office, ensuring a balance between productivity, collaboration, and individual needs.

MTX is committed to fostering a flexible and inclusive work environment that supports the diverse needs of our employees. This hybrid work policy is designed to promote collaboration, productivity, and work-life balance while maintaining organizational effectiveness and employee engagement.

2. Hybrid Work Arrangements

Hiring Status:

- Employees hired as remote workers will have their role designated as such during the hiring process, indicating that they are not required to work in-office as part of their regular duties.
- Employees hired for the hybrid model are expected to adhere to the in-office attendance requirement of a minimum of three days a week.
- All Interns, Junior Associate Consultants, and Associate Consultants are required to work from the office five days a week. This arrangement is subject to change with MTX management's approval.

Minimum In-Office Requirement: Employees located within a 25-mile radius of an MTX office are required to attend the office for a minimum of three days a week.

Flexibility for Distant Employees: Employees located beyond a 25-mile radius but within a one-hour commute distance are encouraged to attend the office periodically, as deemed necessary for collaboration and team meetings. It is expected that they will attend the office on all-hands days.

3. Approval Process

- a. Those mandated to be in the office 5 days a week may make requests for a hybrid work arrangement, but such requests must be submitted in writing and approved by HR and the Reporting Manager. Approval will be at the sole discretion of the Company and is not guaranteed.
