D. US Paid Time Policy

1. Objective

Paid time off ("PTO") is granted to employees with the good intention of providing rest, recuperation of health, and fulfilling social obligations.

2. Scope

This section is applicable to all onshore employees of MTX in order to recognize the importance of their personal, domestic, and social necessities.

3. Principles

PTO is applicable from January 1st through December 31st, of every year

Approval of PTO is subject to business needs and applicable laws. Based on the exigencies of business or the seriousness of the case, the manager may choose to approve or disapprove of the applied PTO. When PTO is taken without prior approval (under certain unavoidable circumstances), the absence should be notified to the respective department head on the same day or the next day of the absence through email.

PTO days are based on Client's Working Hours. A work day eligible for PTO is then, Monday through Friday, from the hours of 8 AM to 6 PM.

4. Paid Time Types

Employees at MTX accrue up to 15 days per year of PTO, inclusive of both vacation and sick paid time (PTO). PTO will be accrued at the rate of 1.25 days, or 10 hours, per month, with 1 day of work equaling 8 hours of PTO. PTO accrues on a semi-monthly basis at a rate of 5 hours, or 0.625 days, per pay period.

MTX will allow employees to carry forward 5 days of PTO per year starting in 2026. Carryover shall not exceed five (5) days at any time unless specifically required by an employee's state and local laws.

Special Consideration for Specific States:

In California, Colorado, Montana, Nebraska, and any other state where state law prohibits expiration of PTO, PTO shall be capped at 27 days of PTO (the "PTO Cap"). Once an Employee in these states accrues 27 days of PTO, such Employee will not earn any additional PTO until their balance falls below the PTO Cap. PTO will not accrue during any period in which an Employee has reached the PTO Cap. PTO will not start accruing until after the Employee has used PTO and falls below the PTO Cap.

PTO Rules & Regulations:

- All PTO must be applied through the MTX Time Management System (TMS). An approval process to the respective Reporting Manager or Project Managers (for those who are tagged to the project), and Director (for Delivery employees only) will be initiated once the PTO is applied for through TMS.
- At least three (3) week's notice should be given in order to use PTO unless an emergency arises.
- PTO requests will be approved at least two weeks in advance of the proposed dates, contingent upon confirming resource allocation during the employee's absence.
- In some cases, an employee may want to use PTO for urgent and unexpected matters and may apply for PTO on the morning of the same day of the absence. In such cases, a maximum of 1 day of PTO can be approved at the discretion of management, which will not be unreasonably withheld. Any PTO lasting more than 1 day will require supporting documentation for approval.
- All unapproved absences will be considered leave without Pay.

PTO Duration Limits

- PTO can only be taken up to two weeks at a time.
- Leave requests longer than 5 consecutive working days will be evaluated based on both operational and the client's critical needs and cannot exceed a maximum of 10 working days in a given month.
- Requests for PTO or unpaid leave exceeding two consecutive working weeks will be automatically rejected. Exceptions may only be granted under extraordinary circumstances and must be approved in writing by the relevant VP. MTX reserves the right to make exceptions to this policy, based on the specific circumstances of each case.
- Leave requests for additional days to accommodate for visa stamping may be approved when visa stamping is required, subject to the above notice and approval processes. Such requests must be made at the time of the initial leave request and should include relevant supporting documentation and must align with operational and client needs.

Excessive PTO and Negative Balances:

- MTX has up to and including 45 days from the date HR is informed in writing that an employee has taken time off in excess of PTO days accrued to recoup the payment the company has made for the excess time off.
- Employees are not allowed to take their PTO balances into the negative, without prior written approval from their Reporting Manager and HR.
- Any leave taken that is not accrued PTO will be designated as leave without pay and the Company will recoup payment for such leave without pay as stated herein.

Separation and Unused PTO:

- Accrued and unused PTO will not be paid upon separation unless specifically required by an employee's state and local laws.

Transfer Paid Time

In case of a permanent base location change to another city of MTX due to business requirements (Order Transfer), an employee can request up to 2 days of transfer leave. It should be requested and approved no later than one month before the effective date of transfer.

Bereavement Leave (BRL)

The purpose of Bereavement Leave is to provide additional time off for employees to cope with the loss of a loved one. This includes close relatives and significant others. The standard duration of Bereavement Leave is three (3) days. BRL is to be requested as soon as possible upon the employee's learning of a bereavement. Bereavement Paid Time in the amount of 5 days will be granted for a Spouse or Children. Employees may request additional time off, which will be subject to approval by their Reporting Manager. Bereavement Paid

Time will be granted based on the relationship and circumstances, subject to approval by the employee's Reporting Manager.

MTX will abide by any applicable state and local laws, which may provide further guidelines and entitlements for bereavement leave.

Natural Disaster Leave

The Natural Disaster Leave outlines the guidelines for employees affected by natural disasters, allowing them to take time off without impacting their accrued paid time off (PTO) balance.

Natural Disaster leave applies to employees affected by natural disasters, including but not limited to hurricanes, earthquakes, floods, wildfires, tornadoes, and other catastrophic events as deemed appropriate by the Company. Employees may use this leave for reasons such as ensuring their personal safety, evacuating, or securing their homes

Reporting Managers are responsible for ensuring that employees are aware of this policy and for assisting employees in submitting leave requests.

MTX will continue to pay regular salary or wages during the approved leave period. During natural disaster-related leave, all employee benefits, including health insurance and retirement contributions, will continue as usual.

Leave Duration

The duration of leave is at the discretion of the company and will be determined based on the severity and impact of the natural disaster as assessed by local authorities. MTX reserves the right to adjust the duration and may modify it based on circumstances. MTX recognizes that the severity of a natural disaster can change rapidly, and it is essential to prioritize the safety and well-being of our employees.

Safety Leave

In the event of a natural disaster that poses an immediate threat to an employee's personal safety or requires evacuation, employees are granted up to 2 days of paid leave to ensure their safety, evacuate if necessary, and make necessary arrangements.

Recovery Leave

For more significant or widespread disasters that require longer evacuations, recovery efforts, or where authorities recommend extended absence, employees will receive up to 4 days of paid leave.

Additional Leave

In situations where the impact of the natural disaster is particularly severe, or employees face prolonged challenges due to the disaster, MTX may grant additional time on a case-by-case basis. The determination of additional leave will be made considering factors such as personal safety, home security, and immediate needs, with the duration communicated to employees in advance.

Leave Submission Process

As soon as it is safe to do so, affected employees must inform their Reporting Manager and the Human Resources department of their need to take natural disaster-related leave. This can be done via email or phone.

Employees should provide an estimated return date and expected duration of leave during their initial communication.

Upon their return to work, employees must promptly notify their Reporting Manager and HR. HR will work with the employee and their Reporting Manager to ensure a smooth transition back to work.

Documentation

Employees may be asked to provide documentation as proof of their residence in the affected area, evidence of mandatory evacuation orders, or any other relevant documentation, as requested by Human Resources.

5. PTO Settlement during Resignation/ Retirement/ Termination

Upon departure from MTX for any reason, unused PTO will not be paid out except where required by applicable state law. There is no payout of unused leave time upon termination for any reason, absent special circumstances, and approval from a member of the C-Suite or unless otherwise required by the employee's state and local law.

Upon separation, if an employee has a negative accrued PTO balance, then MTX reserves the right to withhold the same from the employee's full and final paycheck.

6. Leave Without Pay (LWP)

If employees are ineligible for any other Company leave of absence and they have exhausted all their PTO, MTX Group, Inc., under certain circumstances, and in the Company's sole discretion, may grant a personal leave of absence without pay. A written request for a personal leave should be presented to management at least four (4) weeks before the anticipated start of the leave. If the leave is requested for medical reasons and employees are not eligible for leave under the federal Family and Medical Leave Act (FMLA) or any state leave law, medical certification also must be submitted. The request will be

considered on the basis of staffing requirements and the reasons for the requested leave, as well as performance and attendance records. A personal leave may be extended if, prior to the end of the leave, employees submit a written request for an extension to management and the request is granted. During the leave, employees will not accrue PTO days. Company established paid holidays occurring during or contiguous to the leave period will not be counted as leave without pay. Any utilization shall not be taken into account for the entire period of leave without pay.

MTX Group, Inc. will continue health insurance coverage during the leave if employees submit their share of the monthly premium payments to the Company in a timely manner, subject to the terms of the plan documents.

When the employees anticipate returning to work, they should notify management of the expected return date. This notification should be made at least one (1) week before the end of the leave.

Upon completion of the personal leave of absence, the Company will attempt to return employees to their original job or a similar position, subject to prevailing business considerations. Reinstatement, however, is not guaranteed.

Failure to advise management of availability to return to work, failure to return to work when notified or a continued absence from work beyond the time approved by the Company will be considered a voluntary resignation of employment.

Personal leave runs concurrently with any Company-provided Short-Term Disability Leave of Absence.

7. Extended Leave

Extended Leave shall include: Maternity Leave, Parental Leave, Leave Without Pay, Short Term Disability, Long Term Disability, or FMLA. During Extended Leave, employees will not accrue PTO days.

8. Job Abandonment

Employees who fail to report to work for three (3) consecutive working days without notifying the company of the absence will be considered as having voluntarily resigned. An official HR correspondence will be provided to the employee as a result of job abandonment.

In extreme circumstances, the company will consider an employee's explanation after the three (3) working days absence has passed in determining, in the Company's sole discretion, if the employee's voluntary resignation will be upheld.

9. Family and Medical Leave (FMLA)

The Company grants family and medical leaves of absence (FMLA) to eligible employees (employees who have been employed for a minimum of 1 year prior to their FMLA request) up to 12 work weeks of unpaid leave for certain family and medical reasons during a 12-month period. The 12-month period is determined based on a rolling 12-month period measured backward from the date the employee uses their FMLA leave. Leave may be taken for any one, or for a combination, of the following reasons:

- To care for the employee's child after birth or placement for adoption or foster care;
- To care for the employee's spouse, son, daughter or parent (but not in-law) who has a **serious health condition**;
- For the employee's own serious health condition (including any period of incapacity due to pregnancy, prenatal medical care or childbirth) that makes the employee unable to perform one or more of the essential functions of the employee's job; and/or
- Because of any **qualifying exigency** arising out of the fact that the employee's spouse, son, daughter or parent is a military member on covered active duty or called to covered active duty status (or has been notified of an impending call or order to covered active duty) in the Reserves component of the Armed Forces for deployment to a foreign country in support of contingency operation or Regular Armed Forces for deployment to a foreign country.

10. Short Term Disability

Short Term Disability insurance benefits provide partial income replacement to full-time employees if an employee is unable to work due to a qualifying non-work related illness, injury or pregnancy.

- STD benefits begin after a 7 calendar day elimination (waiting) period.
- Employee's typically use accrued PTO during the elimination period.
- STD benefits are contingent upon a physician's certification and approval by the disability insurance carrier.
- Once the elimination period is met and the claim is approved, STD payments begin from the disability insurance carrier.
- STD leave maximum duration is 12 weeks.
- While STD provides income replacement, it does not always guarantee job protection. Job protection is usually managed concurrently through the Family and Medical Leave Act (FMLA) or similar local leave laws.
- STD only covers disabilities that occur outside of the workplace. Work-related injuries are covered by Workers' Compensation.

11. Parental Leave

This program is an added benefit available to all MTX employees who meet the criteria contained herein. This program does not limit, abridge, shorten, or alter in any way any family and medical leave rights prescribed by Federal and State law.

Birth Recovery and Wellness Leave applies only to parents that give birth. Standard Parental Leave is provided to all parents for the purposes of family bonding in the event of having a baby, adoption, or Surrogacy.

- Birth Recovery and Wellness Leave:
 - Up to twelve (12) weeks of paid time off.
 - Taken as a continuous period immediately following the birth of the child.
 - This program runs concurrently with FMLA and any other applicable pregnancy disability laws.
- Standard Parental Leave:
 - Up to two (2) weeks of paid time off.
 - Taken in one week intervals within a 60-day period following the birth, adoption, or surrogacy of a child.
 -

To be eligible for either parental leave program, employees must be employed full-time with MTX for a period of 12 weeks preceding the first day of leave.

While on leave, employees will continue to receive existing health insurance coverage, provided that they continue to pay their share of the health insurance premiums. You may lose coverage retroactively to the date an unpaid premium was due if you fail to pay your portion of the premium in a timely fashion.

During the leave, employees will not accrue PTO days. PTO accrual will be prorated to reflect the period of leave taken, unless otherwise provided by applicable law.

Paid parental leave must be taken in full-day increments and in one consecutive period immediately following the birth, adoption, or surrogacy of a child, or alternatively, in separate one-week intervals within 60 days following the birth, adoption, or surrogacy of a child. Any unused paid parental leave will expire at the end of the parental leave time frame twelve (12) weeks for Birth Recovery and Wellness Leave or two (2) weeks for Standard Parental Leave. Upon exercising the benefits of the Parental Leave program, there is a mandatory twelve (12) month gap required before being eligible to once again utilize this support program.

Employees shall not in any circumstances seek, accept, or otherwise obtain any outside employment, contract work, or gainful enterprise in any form while exercising the rights under the Program. Employees agree that doing so may result in disciplinary action up to and including termination of employment.

Process to apply for Parental Leave

Eligible employees must follow the below-mentioned process to avail the benefit of the program:

1. The employee will inform his/her/their Reporting Manager, copying the VP, Director of their region (if applicable) & HR via email at the beginning of the second trimester or as soon as the employee is comfortable in sharing the pregnancy status but not later than the beginning of the third trimester.
2. HR will set up a meeting with the employee and his/her Reporting Manager to share the expectations during the program. At this time, documentation may be requested from the healthcare provider (including the estimated due date) or the adoption agency (including the estimated date of adoption).
3. Upon mutual agreement of the discussed expectations, HR will send a summary email to the Reporting Manager, Regional VP, and Director (if applicable).
4. In case of any update in planned leave dates, members will send an email communicating any changes.
5. Employees must apply for all Federal and/or State benefits available to them.

In states that offer paid family leave (California, Colorado, Connecticut, Delaware, Maine, Maryland, Massachusetts, Minnesota, New Jersey, New York, Oregon, Rhode Island, Washington, Washington D.C.), an employee must provide at least 30 days advance notice before leave is to begin if the qualifying reason for leave is foreseeable. When not foreseeable, the employee must provide notice as soon as possible under the facts and circumstances and within the time prescribed by our usual and customary notice requirements. Failure to provide timely notice may result in leave being delayed or denied.

12. Jury Duty

MTX Group, Inc. realizes that it is the obligation of all U.S. citizens to serve on a jury in a judicial proceeding when summoned to do so. All employees will be allowed time off to perform such civic service as required by law.

Employees on jury duty leave will be paid for the period of their jury duty service as required by law. Unless otherwise required by law, MTX Group, Inc. will provide employees paid leave for the period required for jury duty service.

Employees are expected to provide proper notice of a request to perform jury duty and verification of their service to the extent permitted by law. Employees must provide notice to their manager and Human Resources Business Partner as soon as possible to make arrangements for a leave of absence. MTX Group, Inc reserves the right to require employees to provide proof of jury duty service to the extent authorized by law.

Except where prohibited by law or court order, employees are expected to keep management informed of the expected length of jury duty service and to report to work if excused by the court. If the required absence presents a serious conflict for management, employees may be asked to try to postpone jury duty to the extent permitted.

Employees are expected to report for work if excused from jury duty during regular working hours or released from jury duty earlier than expected. Unless prohibited by law or court order, employees are required to come to work on any business day during jury duty service that the employee is not required to report to the court.

In no case will the employee's employment be affected for performing jury duty. Employees will not be harassed or threatened into getting out of jury duty and the employee's same job will be available upon return from such jury duty.

13. Job and Benefits Protection

Leave taken under this policy is job-protected. Thus, MTX will make every possible effort to restore an employee who returns from leave to the same or a comparable position. While on leave, employees will continue to receive existing health insurance coverage, employees will pay their share of health insurance premiums through payroll deductions upon return from leave.

Policy Review

- MTX reserves the right to amend, remove, or replace this Holiday, Paid Time & Leave Policy at any time in its sole and absolute discretion.
